**Project Title:** Mental Health Support For Student (*InMind*)

**Project Type:** Web Based

### **Abstract**

The Mental Health Support Website is a user-friendly, web-based the website offering a variety of features including mood tracking, anonymous forums ,self-help resources, and mental health articles.

***InMind*** is about creating a **Mental Health Support Website for Students** to help them take care of their mental and emotional well-being. The website is designed especially for students who may feel stressed, anxious, lonely, or under pressure due to studies, exams, or personal issues. It provides a safe and friendly space where students can track their mood, read helpful articles, get self-care tips, and access motivational content. The website also includes features like an anonymous chat option, support forums, and information on how to get help from counselors or professionals.
